Open Positions

The Town is still seeking one more aquatic operator. If interested, please go on the Town’s website and apply.

Low Income Household Water Assistance Program (LIHWAP)

The Low Income Household Water Assistance Program (LIHWAP) is a federally-funded program that provides emergency assistance to low-income households, particularly those with the lowest incomes, that pay a high proportion of household income for drinking water and wastewater services. For individuals in need of help, contact Social Services at 704-216-8330. Social Services will handle qualifying applicants for the funds.

Water Conservation Tip Conduct regular leak hunts.

A 1/16-inch opening in your faucet could waste 100 gallons a day. Tour your home monthly, inside and out, in search of dripping faucets, showerheads, hoses, and sprinklers. Most faucet drips can be fixed simply by replacing a worn-out washer.

CDBG-NR Update

The State has approved the grant to proceed. Insight Planning has been awarded the contract for such activities as acquisition, relocation, reconstruction, elevation, demolition, and rehabilitation. Each of the 10 property owners should have received a letter asking for income verification and additional documents. It is important that this information is returned as quickly as possible.

Reminders

Just a reminder to check and change the batteries in your smoke detector every six months.
