The Honorable Congressman Addison McDowell
1032 Longworth House Office Building
Washington, DC 20515

Dear Congressman McDowell,

I am writing to express my deepest appreciation for your efforts in securing an off-ramp for the Town of East Spencer. With this new off-ramp, the town will experience better traffic flow, increased safety, and greater opportunities for both businesses and families. This development will undoubtedly serve as a catalyst for growth and improvement, and I am incredibly grateful for your unwavering commitment to our community's needs.

Local stakeholders are eager to bring this project to fruition and stand ready to assist in any way possible. While I am not a resident of East Spencer, I frequently travel through the town and can personally attest to the significant impact this off-ramp would have—not just for East Spencer, but for all of Rowan County as well.

Once again, thank you for your dedication to making this vital project a reality. We are deeply appreciative of your efforts.

Sincerely,
